## EXPERIENCE

### Front End Developer

### Cargo Fleet

April 2023 - current

- Developed and maintained React SPA for fleet management platform using semantic HTML, CSS, Tailwind, Javascript and integrating REST APIs.
- Built reusable and optimized UI components using React, reducing page loading time by ~20%, and ensuring consistency across the codebase.
- Utilized Postman shared workspaces to ensure API endpoints accuracy and consistency.
- Used Git, VCS, GitHub for efficient code management and collaboration within the team.
- Troubleshooted issues using Chrome Developer Tools, VSCode Debugger to speed up bugfix delivery.
- Wrote unit tests using Jest, React Testing Library for utility modules and React components.

### Sales Representative

### 7 Movers

July 2015- March 2021

- Cultivated strong client relationships by providing exceptional service and promptly addressing inquiries and concerns.
- Managed the entire sales cycle, consistently delivering exceptional service that resulted in high customer satisfaction, secured referrals and gathered positive reviews.
